

2012 Events

Humble Bee Farm takes part in the Higher Level Stewardship Scheme (HLS), run by Natural England.

The scheme encourages farmers to work in harmony with the natural surroundings.

By partaking in the HLS, we offer guests the opportunity to take part in a number of exciting events, planned throughout 2012.

Most of our events are free of charge, though some are chargeable (please ask us for details).

Our events are for everyone to enjoy, but booking is required as guest numbers are limited.
